Overall Impression Of Venue:

Overall we think this is a very clean, bright and welcoming venue that is perfect for small parties of up to 25 guests. Parking is an issue at the venue due to its location. There is around 3 - 4 spaces available for party organisers and entertainers however the venue said most people drop off then head to the Albert pub (30 seconds away) and park there enjoying a coffee whilst they wait for the party to end.

This also helps to keep numbers in the venue down by not having every parent present.

There is a separate area for putting food out or having children sit and have the party food, This also gives a distraction free area to have food away from the main party and helps with cleaning as you don't have to clean around guests once they are back in the main hall.

Entertainment requirements or restrictions:

The venue is of a good size with high ceilings, This will allow all of our packages.

Venue Booking Requirements:

The venue can be booked with us but must be booked with one of our packages, we require a 50% deposit upon having your booking confirmed to secure your party.
